### **SUBCOMMITTEES:**

Subcommittees were created Investigations – Still need clarification on action a Board member can take on complaints as well as action on behalf of the Board.

Three subcommittees needed

**Advisory Committee** – Steve has been appointed by the Board and he want one (1) other member

**Professional Conduct Investigation** – The committee's primary role is to review each complaint, make a recommendation to the Board as to what action the committee thinks the Board should make (and then of course the Board makes an independent decision as to how to act).

.

**Professional Health** – What type of suggestions Board members can make. Will direct questions Jean upon her return. No action taken.
