

NEW HAMPSHIRE STATE BUILDING CODE
PROPOSED AMENDMENT FORM

EN-15-14-19

Proposed amendment submitted by:

Name: Stephen Eckberg

Date: 1/20/2019

Company/Organization: New Hampshire Public Utilities Commission

Address: 21 S. Fruit Street, Suite 10, Concord, NH 03301

Telephone: (603) 271-2431

E-mail: Stephen.eckberg@puc.nh.gov

Applicable code: IECC 2015

Applicable code section: R403

Current language (including section numbers and include prior adopted amendments):

R403.6 Mechanical ventilation (Mandatory). The building shall be provided with ventilation that meets the requirements of the *International Residential Code* or *International Mechanical Code*, as applicable, or with other approved means of ventilation. Outdoor air intakes and exhausts shall have automatic or gravity dampers that close when the ventilation is not operating.

Add new section to read as follows:

Delete section and substitute the following:

Revise section to read as follows:

~~Show line through material to be deleted.~~

Underline material to be added.

Proposed code language:

None. Delete section.

Reason/Justification:

This amendment is proposed to create consistency in the 2015 IECC with an amendment presented by the NH Home Builders and passed by the Building Code Review Board on January 11, 2019 to the energy requirements set forth in Chapters of the 2015 IRC. It is believed that this amendment will create additional clarity and consistency in code administration by making the same amendment in the IRC and the IECC.

Financial Analysis/Fiscal Impact of proposed amendment:

Financial impact statements were made in association with the corresponding amendment to the 2015 IRC. No such statements are made here as this amendment is made for the purpose of consistency with that amendment.

For Building Code Review Board Use:
