# Amendment Procedures for the State of New Hampshire Building Code

Amendments to the New Hampshire State Building Code will be permitted when the Building Code Review Board determines at a meeting subsequent to any rule adoption, that there is a need to strengthen the requirements of the New Hampshire State Building Code. The determination must be based upon a review of the conditions which review demonstrates by evidence or data that there is a need to strengthen the New Hampshire State Building Code.

1. The proponent of the code change shall indicate his or her name and who they represent. If they represent an organization; a letter of support from that organization shall be submitted with the amendment
2. That the need is addressed by the proposed amendment, and that the amendment is no more stringent than necessary to address the need.
3. Such additional requirements are not discriminatory against materials, products, or construction techniques of demonstrated capabilities.
4. Such additional requirements may not introduce a new subject not addressed in New Hampshire State Building Code.
5. A proposed amendment shall include a fiscal impact statement which documents the costs and benefits of the proposed amendment.
