Immunization Education

The CDC has free interactive, web-based immunization training called, **You Call The Shots**. These are regularly updated recommendations and guidelines for vaccine practice. The training consists of a series of modules that discuss vaccine-preventable diseases. These modules are:

1. Understanding the Basics: General Best Practice Guidelines on Immunization
2. Diphtheria, Tetanus, and Pertussis (DTaP)
3. Polio
4. Haemophilus Influenza type b (Hib)
5. Influenza
6. Hepatitis A
7. MMR
8. Human Papillomavirus
9. Tetanus, Diphtheria, and Pertussis (Tdap)
10. Vaccine Storage and Handling
11. Hepatitis B
12. Meningococcal
13. Varicella
14. Rotavirus
15. Pneumococcal
16. Vaccine For Children (VFC)
17. Shingles (Herpes Zoster)
18. Vaccine Administration

Attached you will find directions from the CDC with a link to their Training and Continuing Education Online (TCEO) page. Place You Call The Shots in the search to find these modules.

7. Under Pending CE on the [My Activities](#) page, click on the course [Evaluation](#) and complete it. You will be returned to the My Activities page. Note—the posttest will be unavailable until after the evaluation is complete.

8. Under Pending CE, the evaluation will be marked as complete. Click on the [posttest](#) and complete it.
If you don't pass the posttest, you will only have one more opportunity to retake it.

9. Visit the Completed CE section of the [My Activities](#) page to see a list of completed courses. Click [Download Certificate](#) to save or print.

The screenshot shows a web browser window with the URL <https://tceols.cdc.gov/Account/PartSvc2> and the page title 'My Activities'. The page content includes requirements for evaluation and posttest, followed by a 'Completed CE' section. A dropdown menu for 'Within the past:' is set to '1 Year'. The table below lists five completed courses with their respective IDs, dates, hours, and types.
