**EMT Challenge for Medical Professionals (EMT-CMP)  
Information Sheet**

This Challenge for Medical Professionals course is a hybrid course developed to allow medical professionals to complete a modified training program. An educational gap analysis between the RN Curriculum and EMT Curriculum was completed and several sections are not required based on the medical professionals training and knowledge. **Only Division of Fire Standards and Training & Emergency Medical Services (FSTEMS) facilitated or approved programs will be recognized.** Only licensed EMS I/C's can submit course requests.

To find an upcoming program look in our course catalog located at the following link: <https://www.nh.gov/safety/divisions/fstems/EMSCourses.html>. If no current courses are listed in the Course Catalog keep checking back or if you know a licensed EMS I/C reach out to them.
