“EMS Lifetime Achievement Award”

History: In 2016 the New Hampshire Emergency Medical Services Awards Committee realized that many long time EMS Providers in the New Hampshire System were beginning to age-out. Knowing that their dedication to the EMS System should not go unnoticed, the “EMS Lifetime Achievement Award” was created.

Purpose: This award has been created to recognize those EMS providers who have served their communities and the State of New Hampshire for more than 30 years.

Presentation: The award will be presented by a member of the EMS Coordinating Board at an annual public Emergency Medical Services System function.

Nominations: Licensed EMS Units, New Hampshire Hospital EMS Coordinators and associated organizations shall be notified, once per year, that nominations for the award are being accepted by the Awards Committee. The deadline for nominations shall be determined by the Bureau of EMS, and only nominations received by that deadline will be considered.

Awards Committee: The Awards Committee shall be made up of a minimum of two Bureau designees, and one member each from the EMS Medical Control Board, the EMS Medical & Trauma Coordinating Board, Trauma Review Committee and the NH Assoc. of EMTs. These members shall review all nominations, decide on the recipient(s) and arrange for the award presentation.

Criteria for Nomination: Nominations will be considered for any individual which meets the above listed criteria. Documentation of the person’s significant and positive impact must be submitted with the nomination form. Documentation should be limited to two typed pages. Digital photos of the individual “in-action” are also requested with the submission.

Recipients: 2017
