

TEMSIS Elite Transition Key Dates and Training Schedule

All sessions should be signed up for through the NHOODLE site under “Resource Center” then “Online Registration” (white letters in the black strip near the top) or follow this link:
https://apps.nh.gov/blogs/irc/?page_id=1407

- This insures we don't exceed seating or video conference capacity.
- Note: Several of the training listed below are pending finalizing resources and may not be able to be signed up for until as late as 10/10. These are noted under the training.

Service Leader Training

Service Leader Training is geared strictly toward helping service get their most basic required service settings in place and answering over all questions services leaders may have.

- Service Leaders wanting an orientation to the runform will need to also attend a provider session. These sessions do not provide Con-Ed hours.
- For WebEx meetings: Interested participants must go to NHOODLE and sign up with your Name, Email and Service so we can send you the online link and call-in number for particular session. NOTE: The meeting link for each Webex meeting is unique!
- You will either want a computer with two screens or two computers so you can follow the session and make setting changes for your service as we go.

Service Leader			
Date	Time	Session Method	Capacity
Friday, May 6	14:00 - 16:00	Webex / Conference Call	Unlimited
Meeting Link:	https://nhdos.webex.com/nhdos/j.php?MTID=me8e25a926cc9f55bc9bd1299d18979ab		
Call In #:	866-299-7945	Access Code:	1526068#

Service Leader			
Date	Time	Session Method	Capacity
Monday, May 9	13:00 - 15:00	Webex / Conference Call	Unlimited

If a service wants to be a host at their station (service needs projector and video camera and can support themselves technically) then they can send a request to the TEMSIS team-limit 10 sites.			

Provider Training

Provider Training provides an orientation to use of the new Elite runform. We will not be doing a step-by-step walk-through of the runform, as this has not been found to be effective or ultimately helpful. We will be providing an overview and orientation and focus on some key areas and functions that are different. Additional training resources are available and will be reviewed at this session. Services and providers can self-teach from the online resources, or send one or more representatives to the session to bring back the knowledge as it suits the providers and service's needs.

Provider Training			
Date	Time	Session Method	Capacity
Thursday, May 12	18:00 - 20:00	In-Person Class	50
Location:	Jaffrey Fire Station, 138 Turnpike Road Jaffrey, NH

Other Key Dates

May 31st : The web address www.nhtemsis.org will begin taking everyone directly to the elite site to log in. Once there, providers can use the link back to the current TEMSIS to add or edit runs until Midnight.

June 1st – Midnight: All services and providers must start entering all new runs into Elite going forward.

June 1st -0800 hours: The ability for providers to “add” (start a new run) will be shut off. They will still be able to edit runs that have already been started. Any runs up to midnight on May 31st need to be started by this time!
