PETITION FOR A NO-WAKE ZONE ON LAKE MONOMONAC

The purpose of this Petition is to establish a “No Wake Zone” on Lake Monomonac, Rindge, NH on the northwest of a passage way, 150 feet from Beauvais Point and the Santa Maria (common land mark) and 150 feet from the three islands owned by Camp Starfish. Please refer to New Hampshire chapter 270, Supervision of Navigation; Registration of Boats and Motors; Common carriers by Water, under Administration and Enforcement, Section 270:12.

The problem now exists that all types of motorized watercraft proceed at high speeds through this narrow passage way. This usually occurs when motorized boats enter from the main body of water that encompasses Lake Monomonac. These boats enter what is commonly called the “Narrows”. In that there is a slight bend in this passage way, it is difficult to see, not only other slower motorized water craft, but also low in the water, canoes, row boats or kayaks coming in the other direction, attempting to enter the main lake.

The main concern of the petitioners is SAFETY. There have been too many close calls, there is an accident waiting to happen. The second concern is the intensity of the wakes eroding a shore line that has already been worn away.

We therefore request a hearing regarding the establishment of a “NO-WAKE ZONE” in the area as indicated.
