NEWS RELEASE

NH DEPARTMENT OF SAFETY MONITORING BOMB THREATS AT WALMART STORES

CONCORD, N.H. – The Department of Safety is aware of multiple calls reporting bombs at Walmart stores throughout the state. Multiple state agencies are assisting local law enforcement agencies that are responding to those calls and with the investigation into those calls. The New Hampshire Information and Analysis Center is assisting by sharing information between local, state and federal agencies.

Other Walmart stores across the country have reported receiving hoax threats.

At this time, these reports are believed to be a hoax. However, all threats will be taken seriously until such time as their validity is determined. Everyone is encouraged to report any suspicious activity to their local law enforcement agency or 9-1-1.
