## NEWS RELEASE

### NH DEPARTMENT OF SAFETY MONITORING SCHOOL THREATS

CONCORD, N.H. – The Department of Safety is aware of multiple calls reporting active threats at schools throughout the state. Multiple state agencies are assisting local law enforcement agencies that are responding to those calls and with the investigation into those calls. The New Hampshire Information and Analysis Center is assisting by sharing information among local, state and federal partners.

This is the second time New Hampshire has received similar threats to schools. The [previous incident](#) occurred in December. Those incidents were found to be untrue and hoaxes.

At this time, these reports are believed to be a hoax. However, all threats will be taken seriously until such time as their validity is determined. Everyone is encouraged to report any suspicious activity to their local law enforcement agency.
