The New Hampshire Insurance Department currently has 1,166 licensed insurance companies to conduct business in the State, 61 of which are domiciled in New Hampshire. Of these companies, 388 are licensed to write life and health insurance, and the remaining 778 companies are licensed in various property and casualty lines.

The division processed and issued 27 new company licenses during Fiscal Year 2020. Seven are life and health and 20 are property and casualty insurance companies (Appendix A). Four companies withdrew from New Hampshire for reasons including dissolution, merger/consolidation or license surrender.

An alphabetical listing of all New Hampshire domestic companies with asset and liability information for calendar yearend 2019 may be found in Appendix B. Identical information is provided for all companies licensed in New Hampshire in Appendix C.

While New Hampshire does not license surplus lines companies, it does qualify unauthorized insurers as eligible surplus lines carriers in the state pursuant to RSA 405:26.

The Non-admitted and Reinsurance Reform Act (NRRA) became effective July 21, 2011. Under the NRRA non-admitted insurance may be placed with a non-admitted insurer domiciled in a U.S. jurisdiction, provided they are authorized to write such business in their state of domicile and maintain minimum capital and surplus of \$15 million. Non-admitted insurance may be placed with insurers domiciled outside the U.S. provided the insurer is listed on the Quarterly Listing of Alien Insurers maintained by the International Insurers Department of the National Association of Insurance Commissioners (NAIC).

As of June 30, 2020 one hundred eighty (179) unauthorized insurers qualified as eligible surplus lines carriers in Appendix D.

Financial examinations of the following domestic companies were completed during Fiscal Year 2020:

## Life and Health Division

The Life and Health Division reviews form filings for compliance and regulates the market conduct of life and health insurers writing in the state. The products regulated include life, annuities, major medical, ancillary health, long-term disability, short-term disability, Medicare supplement, dental, and long-term care insurance. The Division also reviews contracts and other filings pertaining to life settlements and continuing care retirement communities.

## Life and Health Compliance Unit

The Compliance Unit examines insurance forms, including policies, riders, endorsements, amendments, and applications submitted for approval to ensure conformity with state and federal laws and rules.

All forms must be submitted electronically through the National Association of Insurance Commissioners' System for Electronic Rate and Form Filing (SERFF). Compliance Unit examiners perform an initial review and correspond with filers within 30 days of submission, ensuring quick filing disposition. This allows New Hampshire consumers to have access to new products and enhancements to existing products in a timely manner.

### **Health Insurance**

Compliance Unit responsibilities include the review and analysis of all individual and group health policies, including Affordable Care Act-compliant Qualified Health Plans, supplemental health, disability, Medicare supplement, and long-term care products.

The ACA resulted in a multitude of changes to the health insurance marketplace in New Hampshire and established direct regulatory requirements for the NHID. From 2011 to the present, NHID has adapted its regulation of the New Hampshire health insurance industry to accommodate these marketplace changes.

New Hampshire elected to implement a Partnership Exchange for the ACA marketplace. Under this arrangement, NHID performs plan management functions and recommends Qualified Health Plans be certified by the federal government for sale on the federally facilitated exchange.

## Life and Annuities

The Compliance Unit responsibilities also include review of life, credit life, and annuity policies.

In addition, New Hampshire participates in the Interstate Insurance Product Regulation Commission (Compact) which is a multi-state joint public agency that develops uniform standards for review of life, annuity, disability and long-term care insurance products. The Compliance Unit contributes to Compact activities through committee representation and the development of uniform standards. Compact examiners apply uniform standards to review applicable products filed and maintained in SERFF.

Examiners review and analyze insurance company market activity to ensure compliance with the state's administrative rules and laws, including reviewing insurers' procedures and processes to ensure that policyholders and claimants are treated fairly as spelled out in those laws. Findings, indicating violations of law, rule or regulatory standards, are addressed through administrative or disciplinary action. Examinations are conducted in accordance with uniform national standards and include investigations and examinations of insurers, producers, and other department licensees. The area also participates in certain joint and multi-state market conduct actions.

This unit supports the Department's investigative and legislative efforts by providing industry expertise to various projects. In addition, a member of the unit serves as the state's liaison with Centers for Medicare and Medicaid Services on senior product lines.

All continuum actions up to and including examinations, are performed in accordance with the standards outlined in the NAIC Market Regulation Handbook.

In FY 2020, this unit concluded two sets of health examinations that began in FY 2018. The first focused on carrier oversight and vendor compliance with the collection, administration and submission of pharmacy claims data relative to the New Hampshire Comprehensive Health Information System ("NHCHIS"). This data is made available to insurers, employers, consumers and state agencies in order to assess utilization, expenses and performance in the New Hampshire market. Accurate and timely data is a critical component to the analysis that allows consumers and employers to make informed, cost-effective health care choices.

The second set of health examinations tested for carrier compliance with the provisions of the federal Mental Health Parity Addiction Act of 2008 (MHPAEA), and focused on non-quantitative treatment limits (NQTLs) which include provider reimbursement programs, as well as the implementation and adherence to use of the American Society of Addiction Medicine (ASAM) criteria.

## **Data Analytics Division**

The Department Data Analytics Division was created in 2018 to better serve the Department's need for evidence based analysis and data driven policy development. The Division includes expertise from the property and casualty as well as the life and health insurance lines, including the Departments' actuaries, data scientists, and policy specialists. The Division specifically services policymakers and the public by providing information on the NH insurance markets, health care costs, and by performing various analyses of premium cost drivers and insurance rate submissions. Internally, the Division supports Market Conduct, Compliance, Fraud, and the Commissioner and Deputy Commissioner.

The creation of Data Analytics Division represents a shift in priorities within the Department to better coordinate and facilitate informed policy development and to ensure the highest level of integrity with Department examinations and customer service. The Division operates as proactively by using the information provided by from both confidential carrier submitted data and public resources. Virtually any legislation that may result in a cost impact to insurance premiums is reviewed by the Data Analytics Division, and both fiscal notes and testimony are prepared in response to these legislative initiatives.

Initiatives of the division include the lauded transparency website <u>NHHealthCost.org</u>, which uses paid claims data collected by the state to help residents get an accurate estimate of dozens of health care procedures at hospitals across NH. The Department also convenes an annual hearing on premium rates and medical cost drivers in NH and a corresponding report (<u>https://www.nh.gov/insurance/reports/index.htm</u>).

## **Property & Casualty Actuarial Unit**

The Property and Casualty Actuarial unit is responsible for general market and industry analysis, evaluation of the competitiveness of New Hampshire's insurance markets, and review of all P&C rate, rating rule, and predictive model filings. This unit provides consumer assistance on rate related issues and all workers compensation (WC) related complaints. It also provides support for the Market Conduct unit, as well as fiscal notes, legislative testimony, research, and data analysis on WC related bills and other bills that affect insurance coverage or cost.

During Fiscal Year 2020, the P&C Actuarial unit reviewed 1,672 loss cost, rate, model, and rule filings for various P&C lines of business. One hundred and three (103) filings were related to workers compensation, and the remainder was split between personal lines (25%) and commercial lines (75%). As insurance company pricing models become more sophisticated, the actuaries continue be called to evaluate complex types of models that affect insurance cost, such as credit scoring models, catastrophe models, usage-based insurance programs, and predictive models in the form of Generalized Linear Models, Random Forests, and, recently, Gradient Boost Models, that incorporate non-traditional pricing variables.

The P&C Actuarial unit provides support for workers compensation (WC) in New Hampshire. The WC Analyst provides information and technical assistance to consumers who have inquiries or complaints about their WC coverage. During Fiscal Year 2020, the unit responded to 79 requests from both agents and consumers.

The P&C Actuarial unit is responsible for the review and approval of all WC loss cost, rate, and rule filings. In addition, the unit analyzes the annual WC rate/loss cost filing from the National Council on Compensation Insurance (NCCI) and testifies at the associated rate hearing.

The P&C Actuarial Unit also provides underwriting and product development expertise in support of Market Conduct activities, and supports a number of initiatives aimed at identifying areas of regulatory concern in order to focus resources on carriers with potential market conduct issues.

The unit is responsible for the maintenance of several statistical databases for Market Analysis. The Market Analysis Prioritization Tool (MAPT) provides a weighted scoring system of key market and financial components from state and national sources. The Market Conduct Annual Statement (MCAS) provides information concerning specific actions by insurers in New Hampshire. Data includes length of time to pay claims, suit activity, and the number of policies canceled or non-renewed. The Market Analysis Review System (MARS) allows the market analyst to review financial data, complaint activity, examination activity, and regulatory actions by New Hampshire and other states. In Fiscal Year 2020, 21 Level-1 and Level-2 reviews were completed.

Pursuant to Ins 1002.15, the P&C Actuarial Unit reviews the methods that insurers use to determine the value of an auto, after a total loss claim. Annually, the department reviews these methods, reviews sample reports and publishes a list of accepted vendors.

The P&C Actuarial unit maintains the online premium comparisons for personal automobile and homeowners insurance that are published regularly throughout the year. Both comparisons were updated to reflect filings made through March of 2020. Since the first publication of these comparisons, thousands of consumers have used the reports to obtain comparative pricing information for the leading 35 insurers in New Hampshire, allowing for a more informed purchasing decision.

RSA 412:14 calls for the Insurance Commissioner to monitor the degree of competition in insurance markets in the state. The actuaries perform analyses annually at the state, regional, and countrywide level. This information is important in determining whether a reasonable degree of competition exists in each line of insurance. The reports are published on the Department website.

Due to prior determination that it is a non-competitive market, the medical professional liability marketplace is more thoroughly monitored each year. Following a public hearing, the Insurance Commissioner found once again that, in accordance with RSA 412:13, this market is not competitive in New Hampshire. Medical professional liability remains the only market determined to be non-competitive by the Commissioner.

Members of this unit act as the Commissioner's designee to the NH Workers Compensation Advisory Council, the Workers Compensation Classification and Rating Appeals Board, and the Joint Agency Task Force on Employee Misclassification Enforcement. The unit also represents the Department on various legislative study committees, such as the Commission to Study the Incidence of Post-Traumatic Stress Disorder in First Responders.

For Fiscal Year 2020, the Goals and Objectives for the P&C Actuarial Unit included:

- Review all rate and rate related filings per RSA 412:15 and 16. Commercial informational filings will be reviewed per the audit process.
- Produce various reports, which are required by statute, or informative to consumers or legislators.
- Maintain healthy and competitive WC system.
- Identify insurer actions that harm consumers.

## **Communications and Consumer Services Division**

### **Communications Unit**

The Insurance Department's communications unit features a communications director who oversees media and public relations for the Insurance Department and an outreach coordinator who is responsible for educating consumers and other stakeholders throughout the state on insurance matters. The Department's primary outreach platforms include:

The Department's website: www.nh.gov/insurance Facebook: www.nh.gov/insurance Twitter: www.twitter.com/NHInsuranceDept LinkedIn: https://www.linkedin.com/company/new-hampshire-insurance-department/ YouTube: www.youtube.com/channel/UCOABb-Rp7OxqWQmUF64adHQ Press releases: www.nh.gov/insurance/media/pr/index.htm

The Department's website contains an archive of reports, forms, checklists and links to a variety of insurance-related websites, such as state agencies, related non-profits and federal programs, including Medicare and Medicaid.

In Fiscal Year 2020, the Department responded to dozens of press inquiries and issued 25 press releases to inform the public about important insurance-related issues on a range of topics.

For Fiscal Year 2020, the Goals & Objectives for the Communications Unit included:

- 1. Create new NHID website and provide meaningful and useful website content for consumers and industry. Maintain website as a trusted resource.
- 2. Regularly post relevant and engaging content on social media.
- 3. Develop and maintain editorial calendar for annual public education campaigns.
- 4. Engage producer community in our outreach and communications plan to consumers.
- 5. Schedule outreach events (in-person or via webinar) about public education priorities and Department initiatives for P&C and LAH topics.
- 6. Assist commissioners and management team with tracking and communicating internal decisions to impacted units or entire Department.

### **Consumer Services Unit**

The Department's Consumer Services Unit is staffed by seven full-time employees: one director, one supervisor, one work-flow coordinator, and four consumer services officers (CSO's). The unit's CSO's fulfill a threefold mission: educate residents about insurance products, companies and producers; assist residents who request help navigating the complexities and intricacies of the insurance industry; and work with other Department staff to investigate consumer complaints to ensure that licensees, including companies and producers (a.k.a., insurance agents), comply with NH insurance laws and rules.

Recognizing the importance of the unit's education and assistance functions, the mainstay operation of the unit is investigating formal grievances. In this effort, the unit's four CSO's review submitted complaints, identify potential violations of state insurance laws and regulations, contact licensees for formal responses to the alleged violations, and analyze all facts collected to substantiate or invalidate those allegations. When violations are identified, the unit's CSO's facilitate remediation for the complainants. When warranted, the unit's CSO's engage other NHID business units, including Legal, Enforcement and Market Conduct to initiate market-wide remediation activities and targeted enforcement actions against licensees.

In Fiscal Year 2020, Consumer Services processed 786 consumer complaint investigations, 149 insurance provider investigations, 4,033 assistance requests, and 76 applications for external health review. During the fiscal year, Consumer Services recovered approximately 2.14 million dollars for New Hampshire consumers. Following is a summary of the complaints and inquiries received by the Property and Casualty (P&C) and Life and Health (LH) sub-units.

### **Property and Casualty**

The P&C sub-unit provides insurance consumers with assistance by answering questions, investigating complaints, distributing educational materials, and assisting the NH Emergency Management Operations Center during catastrophic weather events. During Fiscal Year 2020, the unit processed 491 consumer complaint investigations, 81 auto body shop investigations, and 1,434 requests for service, during which the Consumer Services Officers answered questions, provided information and referrals, and otherwise assisted the public. On behalf of NH consumers, the sub-unit facilitated the recovery of \$1,045,708.

On behalf of NH consumers, the sub-unit facilitated the recovery of \$1,095,728.

The Insurance Department is responsible for administering the appeals process for adverse health insurance claim decisions under RSA 420-J:5 and for certifying independent review organizations, which render the decisions in these appeals. The Department also certifies long-term care insurance independent review organizations under Department rule Ins. 3601.

During Fiscal Year 2020, 76 applications for external health review were received. Of those, 29 met the legal requirements to qualify for external review and 7 health insurance company decisions were overturned or partially overturned by the certified external review organizations.

For Fiscal Year 2020, the Goals and Objectives for the Consumer Services Unit included:

1. Improve time to process on consumer complaints.

## **Business and Operations Division**

#### Premium Tax Unit

The Premium Tax Unit is responsible for the accounting and auditing of all general fund and restricted revenue received by the department. Upon request, revenue and tax related information is provided to the legislative committees.

The Department received total general fund revenue of \$134.0 million in fiscal year 2020. The unit monitors general fund revenue and prepares revenue projections for current and future fiscal years. General fund revenue is generated primarily from two sources - a premium tax on premiums written, and fees from companies, producers, and other sources. Premium tax is received from licensed companies, surplus lines producers, and companies and individuals that acquire insurance policies independently of licensed producers.

In Fiscal Year 2020, the unit reported \$115.0 million in premium tax revenue and \$19.0 million in licensing and other fee revenue, totaling \$134.0 million that was credited to the general fund. Also see Appendix E – General Fund Revenue.

The unit also administers the Department's administrative assessment that provides reimbursement for the administrative expenditures of the department.

For Fiscal Year 2020, the Goals & Objectives for the Premium Tax Unit included:

- 1. Receive and audit premium tax, surplus lines and other tax returns.
- 2. Calculate annual revenue projections.
- 3. Provide data for the determination of the examination per diem rate and the monthly examination billing data.
- 4. Prepare annual assessment calculation and invoices.

### **Producer Licensing Unit**

The Licensing Division has seen continued growth in the number of licenses issued and maintained in New Hampshire. The COVID-19 pandemic slowed the number of new licenses the last three months of the year. As of June 30, 2020, 177,171 active licensees were authorized to sell insurance and adjust claims.

With our test vendor Prometric, we were able to begin offering 'ProProctor', a remote testing capability for potential licensees during the pandemic and beyond.

There were over 89,000 producers licensed to sell insurance products in New Hampshire at end of the fiscal year. Of those, 6,480 are New Hampshire residents. There are 6,414 business entity producers licensed. There are 552 resident business entities licensed. Currently, there are more than 81,650 claims adjusters licensed. Of those, 854 are residents who are licensed to adjust workers' compensation and property & casualty claims in New Hampshire. The steady growth in the number of licensees is directly related to online technology.

In March of 2020, the unit implemented State Based Systems' updated licensing system. From Department utilization of licensing systems for processing, to systems utilized directly by licensees, timely processing by Department staff allows for 24-hour turn around on most applications. Licensees have access to online managing and maintaining their license. From license application submissions, license verifications, printing of licenses and fulfilling their continuing education requirements our licensees can process their requests through our electronic systems. Insurance carriers also utilize online systems for their processing. These advancements have driven our increase in non-residents becoming licensed in our state. Our partnerships with the National Association of Insurance Commissioners' (NAIC) affiliates—the National Insurance Producer Registry (NIPR) and State Based Systems (SBS)—have continued to result in increased services, securities and efficiencies.

The Licensing Division has made available to the public a list of the 220 federally trained and registered resident producers qualified to sell the products through New Hampshire's Federally Facilitated Health Insurance Marketplace.

The unit continues to maintain and monitor continuing education requirements and records for our resident licensees. The specific education requirements help to ensure our resident producers and adjusters remain aware of the everchanging insurance marketplace. That knowledge and training allows the licensees to better serve the public.

New Hampshire citizens, the insurance consumer, and the insurance industry can verify license information through online options on our website. The electronic online systems provides the most accurate up to date information available. More detailed information about the number of licensed entities can be found in Appendix F – Licensing Unit Statistics.

For Fiscal Year 2020, the Goals & Objectives for the Licensing Unit included:

- 1. Review new license applications for prospective producers and adjusters.
- 2. Review and renew producer & adjuster licenses.

### **Business Operations Unit**

For Fiscal Year 2020, the Goals & Objectives for the Business Unit included:

- 1. To process all A/R and revenue transactions with complete accuracy.
- 2. To process all A/P transactions with complete accuracy.
- 3. To process Federal Grant and Admin. Assessment transactions with complete accuracy.
- 4. Project Management Office (PMO) to complete 6-12 Projects per year.
- 5. To work directly with the DoIT Staff (Developers, IT Manager and BA) to complete the departments FY20-21 IT initiatives.

## **Legal Division**

## **Enforcement Unit**

The Enforcement Unit assists the Department in meeting its mission of promoting and protecting the public good by ensuring the existence of a safe and competitive insurance marketplace through the enforcement of New Hampshire's insurance laws and rules. The results the Enforcement Unit obtained during Fiscal Year 2019 include:

Total new cases opened: 140 Total Order to Show Causes issued: 8 Total adjudicatory hearings scheduled: 9 Total adjudicatory hearings conducted: 5 Total Consent Orders executed: 5 Total licenses revoked: 5 Total licenses cancelled: 3 Total licenses surrendered: 2

Total administrative fines assessed:	\$15,000.00
Total market conduct fines assessed:	<u>\$193,500.00</u>
Total amount of fines assessed:	\$208,500.00
Total amount of other recovery:	\$206,412.55

For Fiscal Year 2020, the Goals & Objectives for the Enforcement Unit included:

1. Improve the Enforcement Unit's case management processes by working collaboratively with a DoIT Lean coordinator to eliminate redundancies and streamline case management systems.

## **Insurance Fraud Unit**

In 1993, the Legislature enacted RSA 417:23, which authorized the Insurance Department to establish the New Hampshire Insurance Fraud Investigation Unit ("Fraud Unit"). The Fraud Unit investigates insurance fraud and other insurance-related crimes. The Fraud Unit is composed of three investigators and one fraud research assistant. If a company has reason to believe that fraud has been committed, there is a statutory requirement that it refer the issue(s) to the Fraud Unit for review. The unit also accepts referrals from all other sources. It has established a referral form online, but will accept referrals in writing, in person, or by telephone.

In Fiscal Year 2020, the Fraud Unit received 313 referrals of suspected fraud or other insurance-related crimes. Of these referrals, the unit conducted 36 criminal investigations, of which 13 were presented for prosecution to either by the County Attorney's office, the NH Attorney General's office, or the United States Attorney's office. The Fraud Unit had a financial impact of \$127,103,578.31.

The Fraud Unit has unique powers of authority granted to it by the Commissioner allowing the unit to secure evidence far more quickly than most law enforcement agencies. In its efforts to take a proactive stance against insurance crimes, the Fraud Unit works jointly with the National Insurance Crime Bureau and other local, state, and federal law

enforcement agencies conducting undercover operations when appropriate. Although most of these types of operations generally target suspected healthcare fraud by providers and/or clinics, the undercover operations can expand as far as necessary to combat all lines of fraud.

For Fiscal Year 2020, the Goals & Objectives for the Fraud Unit included:

1. Increase the number of completed investigations referred to outside agencies for criminal prosecution and/or civil enforcement action.

### **Rehabilitations & Liquidations**

#### The Home Insurance Company in Liquidation

On June 11, 2003, at the request of the New Hampshire Insurance Department, the Merrimack County Superior Court issued an Order placing The Home Insurance Company into liquidation. The Home is one of the largest property-casualty insurer liquidations ever to occur, with marshaled assets of approximately \$1.77 billion (net of expenses and Class I distributions) as of 3/31/20 and projected ultimate undiscounted insurance liabilities of approximately \$4 billion based on a Milliman review in 2014. The liquidation is ongoing and court documents and other information regarding The Home Insurance Company in Liquidation, including quarterly reports filed by the liquidator, may be found on the website at http://www.hicilclerk.org/.
