

Nuclear Decommissioning Trust Dashboard

Quarter Ended December 31, 2023

[The Nuclear Decommissioning Financing Committee \(RSA 162-F\)](#) was established to provide assurance of the adequate

funding of nuclear generating facilities to ensure proper and safe decommissioning and subsequent surveillance of nuclear reactor sites to the extent necessary to prevent such sites from constituting a hazard to future generations. The Committee is also responsible for determining the appropriate amount of funding to be maintained in the Nuclear Decommissioning Trust by the operator of a nuclear facility for the purpose of decommissioning any nuclear facilities located in New Hampshire. The trust is an asset of the joint owners and pursuant to statute funds may only be disbursed for the eventual decommissioning of Seabrook Station.
